Brand Product Point

Amazing Texture

Unlike the spongy texture of traditional chicken substitutes (TVP), Vinker's unique texture is most similar to chicken thighs.

* Patent No. 10-2415737

Nutritious Balance

Designed with a rich nutritional balance with high protein content 20-30% higher than chicken breast.

* Patent No. 10-2415737

HMAT TECH

Developed and produced by our own factory and researchers with a high-tech process of enoki mushroom-based plant-based meat. (HMAT)

Wellness Recipe

While the product is light enough to enjoy on its own, it can be paired with salads, tacos, pizza, soups, and more for a delicious and versatile way to enjoy for a delicious and versatile wellness recipe.
